Course Title	Professor	Course Description
Agricultural Water Law	L. Bernadett	<b>This LL.M. course is available for J.D. credit. J.D. students can also use up to 6 credit hours toward our LL.M. degree.</b> This course provides a study of the basic legal principles applicable to water rights through a consideration of water rights for agricultural
Agriculture & the Environment	C. Kelley	<b>This LL.M. course is available for J.D. credit. J.D. students can also use up to 6 credit hours toward our LL.M. degree.</b> This course examines the impact that agricultural production has on the environment. It is a policy-oriented course that debates the tensions
Business Human Rights & CSR in Food/Ag	U. Ewelukwa	<b>This LL.M. course is available for J.D. credit. J.D. students can also use up to 6 credit hours toward our LL.M. degree.</b> This course explores the business-human rights nexus within the food and agricultural sector using relevant case studies. The course introduces students to the linkages between business and human rights from a variety of legal, regulatory,
Effective Legal Writing	C. Kelley	<b>This LL.M. course is available for J.D. credit. J.D. students can also use up to 6 credit hours toward our LL.M. degree.</b> This course explores effective legal writing strategies, exposes problems with legalese, and helps students to improve their writing skills. Using a format that Professor Kelley has used to offer
Food Law & Policy	S. Schneider	<b>This LL.M. course is available for J.D. credit. J.D. students can also use up to 6 credit hours toward our LL.M. degree.</b> This course provides a holistic look at our food system. It explores the network of laws that frame that system and impact us all. An overview of regulation by both the Food & Drug Administration

Food, Farming, & Sustainability	S. Schneider	<b>This LL.M. course is available for J.D. credit. J.D. students can also use up to 6 credit hours toward our LL.M. degree.</b> This course provides a survey of the legal topics that make up the body of agricultural law with a critical analysis of how and why agriculture is
Introduction to Agricultural Taxation	K. Coutu	<b>This LL.M. course is available for J.D. credit. J.D. students can also use up to 6 credit hours toward our LL.M. degree.</b> This course provides an introduction and a broad-based overview of federal income tax law as applied to agricultural operations.
The Right to Food	U. Ewelukwa	<b>This LL.M. course is available for J.D. credit. J.D. students can also use up to 6 credit hours toward our LL.M. degree.</b> This course provides an overview of the historical development of the right to food, evaluates the rights, obligations and responsibilities associated with the right to food, and examines the legal and non-legal mechanisms that are increasingly
